CUSTOM FLOT SYSTEMS

• Transpac Marinas, Inc. – Anacortes, WA

• Designing and manufacturing custom float systems

• Floating docks and wave attenuators
  • Timber, Steel, Concrete, HDPE, Aluminum
TRANSPAC PHILOSOPHY

• Extensively evaluate site requirements of each project

• Develop designs to specifically meet those needs

• Continually evolve and create solutions that respond to project specific criteria

• Find some of the harshest climate around to challenge the product
BUT SOMETIMES THE WEATHER IS THE EASY PART...
AND IT’S THE USERS WHO PRESENT THE REAL CHALLENGE
